Recall Details

Description:

This recall involves certain Awesafe biometric gun safes. The recalled gun safes are black, can fit two pistols, and have the brand name “Awesafe” on the front.

Remedy:

Consumers should immediately stop using the biometric feature, remove the batteries, and only use the key for the recalled safes to store firearms until they get the free replacement safe. Contact Awesafe to receive instructions on disabling the biometric feature and to receive a free replacement safe. Consumers will be asked to disable the biometric reader and email a photo of the disabled biometric reader to Recall@awesafeus.com in order to receive a replacement safe. The instructions on how to safely disable the biometric reader are also located at <http://awesafeus.com/RECALL>. Once they receive their replacement safe, consumers should discard the recalled safe in accordance with local laws.

Incidents/Injuries:

The firm has received reports of 71 incidents of the recalled gun safes being opened by unauthorized users when the biometric lock failed to secure the safe. No injuries have been reported.

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risk of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over the past 50 years.

Federal law prohibits any person from selling products subject to a Commission ordered recall or a voluntary recall undertaken in consultation with the CPSC.
